WHO DO WE WORK WITH?

We work with a range of ITT Accredited Providers, who ensure high quality training, design and delivery of the ITT process.

STUDENT FACILITIES

Our Postgraduate Initial Teacher Training programme aims to embed the trainee at the heart of a school. The trainee will start the year in school on the first day of term and work the life of a teacher for three terms. Trainees are treated as members of

staff and expected to behave in line with the conditions and expectations of a teacher: this includes duties, meetings and extra-curricular activities. Trainees benefit from a professional and social life that reflects the school ethos and community.

THE CENTRE FOR TEACHING

The Trust unites all the teacher training and development work of our schools in the Centre for Teaching. Our tagline sums up our belief that your training year is just the start of the support and care you receive from our Trust.

We hope to create future teachers, future mentors and future leaders who will go on to share their gifts and talents for the benefit of the students in our care. We look forward to welcoming you into our Trust family.
